Re: Five-Year Permit Renewal - Completeness Determination, PacifiCorp, Des-Bee-Dove Mine, ACT/015/017-RN00, Outgoing File

Dear Mr. Semborski:

The Division has determined that the permit renewal application for the Des-Bee-Dove Mine is administratively complete, with the submittal of updated legal and financial, violation information, the current bond, and evidence of liability insurance. The updated legal and financial information is being processed through another amendment and the deficiency is due July 15, 2000 to the Division.

Publication of the public notice for permit renewal may proceed as required by R645-300-121. It is requested that the notice include a statement about the fact that this mine is currently in final reclamation. The publication should now proceed for four consecutive weeks. At the end of the 30-day comment period, findings for the renewal will be made and the permit renewed unless a factual basis for denial of the renewal is presented to and upheld by the Division.

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, reading 'Pamela Grubaugh-Littig'.
